

3 Drawer CD Holder

By Janet Wilhelm for Walnut Hollow®

Materials:

- [Walnut Hollow® #28109 3-Drawer CD Holder](#)
- Wood Stain
- Decorative Paper
- Other Supplies: foam brush, paper glue, paper towel, pencil, ruler, sandpaper, scissors, wood sealer, spray or brush on varnish

Instructions:

1. To prepare wood for staining, apply wood sealer to entire surface. Let dry. Use sandpaper to lightly sand entire wood surface. Remove dust with paper towel.
2. Follow directions and precautions on container for applying stain. Use foam brush to apply stain. Remove excess with paper towel. Let dry.
3. Apply 2-3 coats of spray or brush on varnish to wood surface. Let dry between coats. Use a piece of brown paper bag or cardboard to sand between coats for a smooth finish.
4. Make a template from a scrap of paper of the rectangle to cover each drawer. Use ruler to measure where the opening should be for the pull knob. Use scissors to cut opening. When a satisfactory template is made, trace onto decorative paper with pencil and cut with scissors.
5. Use paper glue to adhere paper to each drawer front.
