

Colorful Round Clock

Designed By Chris Wallace for Walnut Hollow®

Materials:

- [Round Clock-Large #23026, Walnut Hollow®](#)
- [3 Piece Clock Kit #23855, Walnut Hollow®](#)
- [Designer Series™ Clock Hands #23092, Walnut Hollow®](#)
- Acrylic Paint: Soft Lime Green, Soft Orange, Soft Light Blue
- Paper: Orange and Blue Cardstock
- 1½" Square Paper Punch
- Brushes - Large Flat, Medium Flat
- Other Supplies: AA battery, craft glue, paper towel, sandpaper, small paint brush, spray varnish

Instructions:

1. Use sandpaper to lightly sand entire wood surface. Remove dust with paper towel.
2. Use large flat brush to apply Soft Lime Green paint to entire clock surface. Let dry and apply second coat if needed. Let dry.
3. Use medium flat brush to apply Soft Orange paint to outer edge. Let dry. Apply second coat if needed and let dry.
4. Use medium flat brush to apply Soft Light Blue paint to designer clock hands. Let dry. Apply second coat if needed. Let dry.
5. To create dots around large beveled edge, use wooden end of a paint brush to make dots. Dip wooden end of paint brush into Soft Light Blue paint, touch wood and lift. Make two or three dots before dipping into more paint. This will create different size dots. Let dry.
6. Apply 2-3 coats of spray varnish to wooden clock and painted clock hands for a protective finish.
7. Use paper punch to create 1 ½" squares from blue and orange cardstock. Refer to photo for placement. Use craft glue to secure in place.
8. Place clock numbers onto paper squares. Press to adhere.
9. Attach clock movement and painted hands following instructions on back of packaging.
10. Insert AA battery.
