

Embossed Leaf Acrylic Frame

Designed by Janet Wilhelm for Walnut Hollow®

Materials:

- [Walnut Hollow® #27996 Creative Metal™ Beginner Kit](#)
- [Walnut Hollow® Metal Border, Aluminum](#)
- [Walnut Hollow® 28016 Metal Tape](#)
- 6"x 4" in. Acrylic Photo Frame
- Other supplies needed: 6"x4" background paper, photo, tape

Instructions:

1. Use scissors to cut Aluminum Metal Border 9" long. Attach Burnishing Brush onto Handle. Brush Burnishing Brush over Aluminum until desired effect is achieved. To create Leaf Design, position Metal on Mini Design Leaf so that design will appear on front of frame. Tape in place if desired. Rub Texture Tool over Leaf Design to reveal image of the design. Press Texture Tool into grooves for a deeper impression.
2. Place Metal on Foam Mat. Attach desired Roller onto Handle to create a Roller Border along edge of Metal. Make a diagonal Roller design below Leaf design. (Refer to photo.) To create a straight line, use Metal Ruler as a guide.
3. Adhere Metal to frame with Metal Tape. (Refer to photo for placement suggestion.) Use scissors to cut Tape to fit on back of metal along edges and press in place. Remove backing and press onto acrylic frame.
4. Mount photo on background paper and insert in frame.
