Designed by Chris Wallace for Walnut Hollow®

It's really easy to make great scrapbook pages embellished with Creative Metal™ Colored Metal Squares. Add your photos to ready-to-go scrapbook pages, and have fun adding touches of metal.

Materials:

- Walnut Hollow® Creative Metal™
 - [Colored Metal Squares, #29678 Light Blue and #29663 Pink](#)
 - [#28016 Metal Tape](#)
- [Sizzix® Big Shot Machine](#)
- [Sizzix® Originals Die – Circles #2](#)
- Ready-to-go scrapbook kit
- [Beacon® Zip-Dry paper glue](#)
- Other supplies: Fine sandpaper, scissors, small brad, stylus

Instructions:

1. To make circles for flower, die cut both the Light Blue and Pink Squares.
Note: If you do not have a Big Shot and Dies, cut 4 different sizes of circles out of the Metal using scissors.
2. Using alternating circle sizes, put a combination together that you like, one on top of the other.
3. Use a stylus, or a pointed tool, to make a small hole in the center of each circle.
4. To make "wrinkled" edges on each circle, use your fingers to bend the Metal all around the edges.
5. Lightly sand edges of each circle with fine sandpaper.
6. Insert brad to hold circles together to form a flower.
7. Create scrapbook page using Zip-Dry to adhere papers and add photo to ready-to-go scrapbook page.
8. Use Metal Tape to adhere flower to page. Use scissors to cut Tape to fit on back of flower and press in place. Remove backing from Tape and press flower on page.
